

AABB QUALITY CERTIFICATE

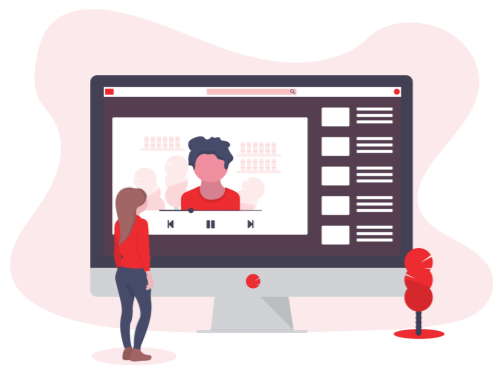

Why should you apply?

• AABB Quality Certificate gives you an edge above the other Blood Centres.

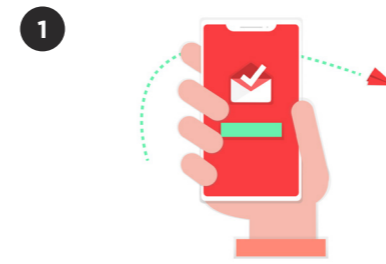

• Globally recognized certificate program adds to the credibility of your Blood Centre.

• Gives a platform for learning, sharing knowledge, and strengthen the Blood Centre communities.

How to get the Certification?

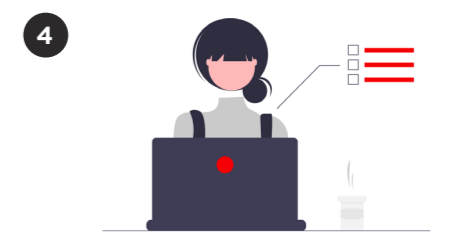

Interested Blood Centre/Transfusion Service contacts AABB through the website to apply for the certificate program (Email Consulting Services).

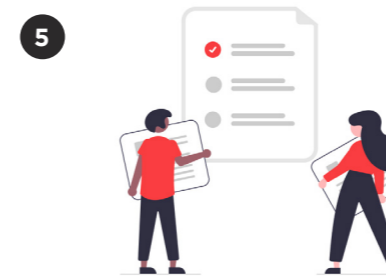

AABB assigns the facility an AATM number and emails the facility an application document to complete and return.

Facility is invoiced, and payment is sent to AABB. (Apprx. Fees - \$4500)

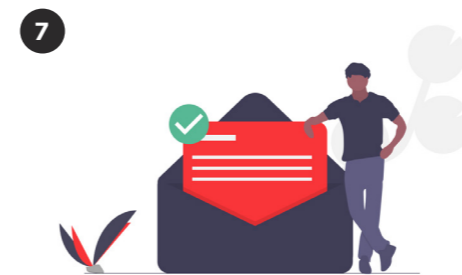

Facility is assigned a Quality Consultant to work with them throughout the process.

Facility is sent the Self-Assessment Tool, guidance documents and a completion schedule.

Facility completes the Assessment Tool and supporting documents as per the schedule.

The Tool and supporting documentation is reviewed by the Quality consultant and if the information is complete and accepted, the facility is awarded the Certificate of Quality.

Should the facility need to gather further documentation or evidence of implementation of standard, extra time (up to 6 weeks) may be added to the schedule.
